LOBA (Loyola Old Boys Association)

Greetings From Chaithanya Eye Hospital and Research Institute

Sub: Tie up

Chaithanya Eye Hospital and Research Institute is a super specialty institution committed to the care and treatment of Eye diseases and disorders with the vision of empowering eye care across all walks of Life.

To deliver its vision - Prevention of blindness, the institute has been laboring and taking initiatives to reach each stratum of the society with quality eye care. Manned by the highly qualified doctors, trained medical and Para-medical staff. The institute remains wedded to high ethical standards and with the state-of-the-art treatment techniques spread across five districts in the state of Kerala (Thiruvananthapuram, Karamana, Neyyantinkara, Kollam, Thiruvalla, Kottayam, Kochi- Ravipuram, Kochi – Palarivattom and Thirupunithra).

The institute strives to promote and provide superior patient care, outreach community programs for treatment and prevention of blinding diseases, educational activities for the future ophthalmic service providers and public and research activities culminating in advancements in treatment modalities.
